Dear ██████████

**JAMES PRICE POINT DEVELOPMENT PRECINCT – FURTHER INFORMATION
REGARDING POSSIBLE HERITAGE SITES**

In accordance with the requirements of the *Aboriginal Heritage Act 1972* (AHA) officers of the Department of Indigenous Affairs (DIA); on behalf of the Aboriginal Cultural Material Committee (ACMC) and with the authorisation of the Registrar, have been conducting site surveys of the James Price Point (JPP) precinct in response to reports of disturbance of Aboriginal heritage in the area.

As discussed with ██████████ (on site near Inballal Kambor) and then ██████████ and ██████████ from Woodside on Friday 8 July 2011 at their Broome office with myself and another officer from the DIA, a further survey of the James Price Point precinct was to be carried out. This on-ground gathering of information was conducted between 12 and 15 July 2011.

Information gathered as a result of the survey within the defined boundary on the accompanying map (hatched area) may be an Aboriginal site under the AHA, this information will be presented to the Aboriginal Cultural Material Committee (ACMC) for their determination.

We believe we are obligated to notify Woodside of this latest information regarding potential sites within the JPP area.

The defence to an offence under Section 17 of the AHA is provided under Section 62 of the AHA and states:

"In proceedings for an offence against this Act it is a defence for the person charged to prove that he did not know and could not reasonably be expected to have known, that the place or object to which the charge relates was a place or object to which this Act applies."

It is recommend Woodside cease activities within the hatched area of the accompanying map until the site's status has been determined by the ACMC, however, we are happy to assist where we can. If you are able to provide us with GPS points of any areas you wish to continue working in, we will examine our information in order to advise you where activity is unlikely to disturb the area where reported heritage information has been received.

We understand that Woodside will conduct its own risk assessment in relation to work carried out in the JPP precinct and appreciates that this decision is solely Woodside's.

Please contact me on 9235 8108 if you would like clarification of the above advice or to discuss the matter further.

Yours sincerely,

A handwritten signature in black ink, appearing to be 'James Cook', written over a dashed horizontal line. The signature is stylized and somewhat cursive.
